## LOTE ESPECIAL TANNAT

---

Bodega Colomé, since 1831, is the oldest working winery in Argentina. It is located in the Upper Calchaquí Valley and has 4 Estates between 1700m and 3111m, the highest altitude of Argentina, making Colomé a unique project in the world.

Altitude, as it generates microclimates and varied terroirs, is a factor that distinguishes Salta from the rest of the regions from Argentina and worldwide and translates into outstanding expression and diversity in our wines.

## TASTING NOTES

---

The origin of Tannat is South-West France, although it has become an emblematic variety of the Valles Calchaquíes.

With a very dark colour, it has a floral nose with notes of black fruit, and concentrated and elegant spicy notes. It highlights freshness and rounded tannins that set it apart from the Tannat that comes from Salta.
