LOTE ESPECIAL TANNAT

Bodega Colomé, since 1831, is the oldest working winery in Argentina. It is located in the Upper Calchaquí Valley and has 4 Estates between 1700m and 3111m, the highest altitude of Argentina, making Colomé a unique project in the world.

Altitude, as it generates microclimates and varied terroirs, is a factor that distinguishes Salta from the rest of the regions from Argentina and worldwide and translates into outstanding expression and diversity in our wines.

TASTING NOTES

The origin of Tannat is South-West France, although it has become an emblematic variety of the Valles Calchaquíes.

With a very dark colour, it has a floral nose with notes of black fruit, and concentrated and elegant spicy notes. It highlights freshness and rounded tannins that set it apart from the Tannat that comes from Salta.
